

Ifö Sign hard seat

Ifö hard seats are available in three versions with the same seat design.

Variant 1 - choose firm fittings or the quick-release feature that allows you to easily remove the seat.

Variant 2 provides two functions: either soft close function and quick release or soft close function and firm fittings. The soft close function allows the seat to always close quietly.

Variant 3 is top-mounted and has the soft close feature.

All Ifö Sign hard seats are tested to manage a load of 240 kg and are suitable for all Ifö Sign and Sign Art WC units. Variant 3 is mainly suitable for Ifö Sign Art 6775 wall hung WC unit, where the top mounted seat is required.
